Oxygen PDF Chemistry

New

- Support for CSS variables
- Support for 'font-variant-numeric' CSS property
- Support 'position: relative' for block elements

Improvements

- Improve transformation result messages
- Improve memory footprint

Fixes

- Display italic Asiatic texts in normal
- Add fallback fonts for page-margin boxes (including CJK fonts)

DITA to PDF Publishing

New

- Support for 'svg-syntaxdiagrams' DITA-OT plugin

<https://github.com/robander/svg-syntaxdiagrams/releases>

Update

- Oxygen Styles Basket

<https://styles.oxygenxml.com/>

THANK YOU!

Any questions?

Julien Lacour
