# USING OXYGEN STYLES BASKET TO CREATE CSS CUSTOMIZATION FROM SCRATCH

Julien Lacour, Syncro Soft

julien_lacour@oxygenxml.com

Oxygen Webinar, February 2nd 2022

# What is Oxygen Styles Basket

- Web Application designed to create Publishing Templates

- Composed of a series of galleries and styles

- Freely available at https://styles.oxygenxml.com/

https://www.oxygenxml.com/demo/osb_video.html

# Advantages of Oxygen Styles Basket

- Gives the perfect starting point for CSS novices

- Provides common styles for both WebHelp and PDF

- Shows all the modifications in the dynamic preview

- Can generate a PDF or a WebHelp sample for final preview

# How does Oxygen Styles Basket works?

# How to create a custom publishing template?

- First, by adding the company/project branding

  Note: Selected styles will apply on the rest of the customization

# How to create a custom publishing template?

- First, by adding the company/project branding
  Note: Selected styles will apply on the rest of the customization

- Next, by defining both PDF and WebHelp common styles

# How to create a custom publishing template?

- First, by adding the company/project branding
Note: Selected styles will apply on the rest of the customization

- Next, by defining both PDF and WebHelp common styles

- Then, by configuring the PDF outputs specific styles

# How to create a custom publishing template?

- First, by adding the company/project branding
  <u>Note:</u> Selected styles will apply on the rest of the customization

- Next, by defining both PDF and WebHelp common styles

- Then, by configuring the PDF outputs specific styles

- Finally, by creating WebHelp outputs specific styles

# How to use the publishing template?

https://www.oxygenxml.com/doc/versions/24.0/ug-ope/topics/whr-publishing-template-apply-transformation.html

https://www.oxygenxml.com/doc/versions/24.0/ug-ope/topics/whr-create-edit-pt-script.html

# OK, this is great but now...

I still have some requirements that are not covered by Oxygen Styles Basket so...?

...what can I do to continue this customization further?

# ...let's go further!

Obviously it is possible to modify the publishing template.

Gives the perfect starting point
for CSS novices

# Bonus: Extra Customization

# Before you go...

- How was the information presented in this webinar?

- Would you be interested in more advanced transformations using CSS in DITA documents?

# THANK YOU!

**Any questions?**
